

28th Annual Virginia
Angus Association

Genetic Investment Sale

THURSDAY, April 13, 2017 • 11:30 a.m.
Rockingham County Fairgrounds • Harrisonburg, VA

VIRGINIA ANGUS ASSOCIATION
P.O. BOX 209 · FISHERSVILLE, VA 22939
WWW.VAANGUS.ORG

The 2017 GIFT offering certainly epitomizes its name "Genetic Investment for Tomorrow". Sale Coordinator Tom Templeton has once again done an excellent job selecting cattle from Angus Breeders across the state. This year's sale will boast EIGHTY LOTS of females that certainly come from the heart of every herd represented.

You will have a diverse selection of cattle. This year's sale will offer Cow/Calf pairs, Bred Heifers, Open Heifers, ET Heifers, Embryos, and Flush opportunities. Over ninety percent of the sale offering is AI sired and/or bred AI to nationally prominent and proven sires. There is certainly something for everyone. You will not want to miss this chance to add high quality, functional cattle that are complimented with exceptional pedigrees and EPD'S to your own seedstock operation.

The sale will once again be held in conjunction with the VA Beef Expo. Please take note of the new day and time of Thursday, April 13th at 11:30am. If you have any questions as you read through the sale offering, please feel free to contact the individual consignors, Tom Templeton, or myself.

We look forward to seeing and visiting with you all at this year's Gift Sale on Thursday, April 13th.

Jon Repair
Sale Chairman

Welcome to the 2017 Va Beef Expo as we, once again, gear up for the GIFT 2000's Sale that features over 70 high quality females from many of the more established Angus breeders across the state of Va. Represented in this catalog are females that are above average in each of these programs. Almost all of these cattle are A I sired, nursing calves that are A I sired and are rebred A I. Now that is quite an accomplished deal in itself to find a group of sale cattle that are bred at this level and presented the way that you will observe on sale day. I commend these breeders for their efforts and thank them for their participation in being a part of representing this Angus breed in a showcase manner.

Just as important, if not more, is to say THANK you to the past buyers who have been here each year to sort through the stock and take home cattle to improve their herds. I believe the amount of repeat customers is high simply because they have been pleased with their purchases. A testimony to all of the consignors who believe in consigning the right kind of genetics to please the buying public. That is the bottom line.

This year we will have a real opportunity to view and purchase a very young set of females. Many of these cow / calf pairs are 2, 3, 4 and a few 5 yr olds. This is exciting. In addition to the cows, we are offering flushes that rank at the top of the breed for genetic reach, the pregnancies are from proven cows, the bred heifers are on the money and the ET and natural open heifers are really nice. Wait til you see them!

Again, I have enjoyed selecting the cattle for Va Angus, helping to catalog, work ads and promo, sort at the sale site, make the sale order, work in the box and observe all Angus friends and come together to enjoy the company and the sites at the Beef Expo.

If you have a question and think that I can help you, just call me. See you at the sale if not before. Thanks for all you do to promote this great Beef Breed.

Sincerely,

Tom Templeton, Sale Coordinator

2017 Virginia Beef Expo
Sale Schedule

Wednesday, April 12

28TH ANNUAL VIRGINIA ANGUS *Genetic Investment Sale*

Thursday, April 13, 2017

Auctioneer

Dalton Bennett.....434-664-7946

Sale Contacts

Chris Wojo.....540-292-0841

Scott Weller.....540-294-0555

Chuck Grove, AAA Board Member...816-390-6600

Chris Jeffcoat, AAA.....717-476-1496

Location

Rockingham County Fairgrounds is located on Route 11, South of Harrisonburg, VA. Fairgrounds are on the west side of Route 11, approximately 1.5 miles south of Exit 243 on Interstate 81.

Lodging

Please make your reservations directly. All hotels listed are within 1.5 miles of the sale site.

Holiday Inn Express.....540-433-9999

Ramada Inn.....540-434-9981

Super 8 Hotel.....540-433-8888

The Village Inn.....540-434-7355

Health

Health papers will be available for immediate interstate shipping.

Inspection of Sale Cattle

Cattle will be available for inspection in the afternoon on April 12th and before the sale on April 13th.

Terms and Conditions

Cattle sell under the American Angus Association standard terms and conditions (see inside back cover for complete terms and conditions). Settlement is required immediately following the sale, prior to load out, unless arrangements are made before the sale with Tom Templeton or Jon Repair.

11:30 A.M.

In Conjunction with the Virginia Beef Expo

Trucking

Livestock haulers believed to be reliable will be present and available.

Insurance

Livestock mortality insurance will be available at the clerks desk.

Eartags

Eartags on the cattle will correspond to their lot numbers in the sale book.

Announcements

Announcements made from the auction block during the sale take precedence over printed materials in the sale book and on the update sheet.

The EPDs represented in this sale catalog were current at the time requested for printing. EPDs are re-calculated by the American Angus Association, which means the figures represented in this catalog may change for these animals in the future.

Catalog

Catalog designed by Black Locust Livestock.

- "3B1" is a picturesque female with a world of class, presence & has already produced one son who stands at ABS/Origen, Welytok Knight Watchman 5C27!
- "3B1" has a progeny production record of BR 1@91, WR 1@121, YR 1@125, UREA 1@143 and stems from a dam that records BR 4@94, WR 4@112, YR 3@106, U%IMF 8@108 with two daughters in production with an average nursing ratio of 111.
- Her twin sister, Welytok Total 10 Erianna 3B2, sold to High Roller Angus, of Texas for \$87,500.
- This negative birth, tremendous-spread female reads with excellent carcass genetics without sacrificing \$Beef and stems back to a Pathfinder grandam.
- Selling the right to one flush, by the bull of the buyers choice, guaranteeing 6 embryos with a cap of 10. Embryos over the cap of 10 can be purchased at the prorated purchase price. "3B1" averages 12 embryos per flush. "3B1" will be available to flush immediately.

Straightstone Angus, LLC is proud to offer a flush to the bull of buyer's choice from one of 3 outstanding donors. Winning bidder is guaranteed a minimum of 6 and up to 10 transferable embryos, with the option to purchase any additional embryos at prorated cost. Buyer will be responsible for cost of semen, direct flush costs up to a maximum of \$1000, and embryo shipping costs. Straightstone Angus will additionally guarantee a 50% pregnancy rate if implanted by a certified embryologist. All donors are open and ready to flush.

- Robin Toms thought quite awhile about offering this flush from 5K61.
- The Black Granite Blackcap females out of the 6E2 cow are very complete in all ways. They excel in low birth weight genetics; in this 5K61 is a +9 CED, +61 WW, +108 YW, and in the top 10% for CEM, top 4% for CW, top 5% for RE, top 10% \$W, top 2% \$BEEF.
- 5K61 is produced by the 2G73 cow who was the top donor at Hill House Angus in Texas. 2G73 is a full sister to the ABS Sire Quaker Hill Fire Storm and a maternal sister to the #1 sire at ABS Rampage. 2G73 sold 1/2 interest for \$42,500 to Express Ranches.
- A full brother to 5K61 sold in last year's GIFT Sale for \$6000 to Texas.
- Flush sells with a guarantee of 6 transferable embryos. Any embryos over 6 will be prorated.

• Featuring choice of two heifer pregnancies from the Pratt Cattle Company featured donor Edgewood Lady 968. Lady is a moderate framed, deep bodied daughter of the legendary SAV Final Answer that traces back to an 878 daughter from the heart of Dwight Hoff's, Holly Hill Farm. Her balanced combination of outstanding phenotype, calving ease, growth and docility with carcass merit makes Lady one of the breed's elite females. This powerful and proven cow has raised 3 calves to post a ratio of 108 for weaning and 2 calves recording a 110 yearling weight ratio. Her carcass merit is validated by 28 calves scanning with a ratio of 104 for both IMF and Ribeye. Lady has produced several daughters who are top producers in the Edgewood Angus herd and her sons were highly sought after in both the Edgewood Angus and BCIA bull sales.

• You have choice of a heifer pregnancy from two popular and highly sought after sires including: Basin Payweight 1682 or Bartels Angus / Knoll Crest Farm featured sire KCF Bennett Consent Y75. Consent Y75 is the sire of KCF Bennett Citation, the \$235,000 record-selling Knoll Crest Farms bull that was selected by 44 Farms of Cameron, TX this past December.

• Basin Payweight 1682 x Lady 968 embryos were implanted in December 2016 and are scheduled to be implanted in March/April 2017. Consent Y75 x Lady 968 embryos are scheduled to be implanted in March/April 2017.

• A special package from Wild Wind Angus to acquire this mating from the newest member of their ET program. This Rita female is a well balanced Rampage daughter going back to a Retail Product cow that sold to Evans Farms for \$150,000 and is considered by many to be the best daughter in the breed.

• Rita 6098 is in the top 1% for \$ Beef, \$F, CW, and YW; Top2% RADG and WW; Top 3% \$W, Top 4% REand Top 15% Milk.

• This cutting edge pregnancy with Basin Payweight 1682 will combine calving ease genetics with great performance and powerful phenotype.

• Here is outcross genetics with predictability. Due in November 2017

•This featured heifer calf pregnancy is produced by a 2nd generation 6E2 female, by the popular Denver 2002B, a member of the Express Champion Carload at The National Western Stock Show. 5N56 is on her way to being the front pasture kind at Wild Wind Angus as she stands in the Top 1% of the breed for YW, CW and \$Beef; In the top 2% for WW, Top 3% for RE. She is deep, thick, good uddered with lots of power!

•5N56 is a full sister to 5N55 and produced by the 2G74 cow who is one of the more powerful daughters of 6E2. 2G74 is now a featured donor at Friendship Farms in Georgia and is a full sister to Firestorm, the ABS and Thomas Angus Ranch sire along with full sisters like 2PT3 at Vintage, and Blackcap 2G13 the \$23,000 highlight of a past Quaker Hill Sale to Hill House and C5 Ranch.

•Pregnancy due in November 2017.

- This first calf heifer is consigned by Bradley Dunsmore who is building a solid cow herd! Welcome Bradley.
- 423 is by the registration sire in the breed, Ten X and produced from the Queen Mother family at Thomas Angus Ranch.
- Low birth weight with above average EPDs, this female has done things right in life. Calved as a two year old, nursing her calf and rebred A.I.
- Sells with an Absolute heifer calf at side, Lot 18A.
- A.I. bred on 11/21/16 to GAR Prophecy, Prophet's best son.

- Silverado Ms Blackbird is only the second member of our Blackbird family to be offered for sale at auction. A third is also offered in this sale, Lot 21.
- Sired by EXAR Significant, the 7229 x 643T standout from Express Ranch, this young cow is also one of only 2 daughters of Silverado Blackbird 6062 whose production includes waning 7 calves in the last 4 years - 2 singles, a pair of twins and a set of triplets.
- With a lifetime ahead of her, this 3 year old represents performance in a variety of areas - maternal strength, end product value, soundness, phenotype, attitude and potential profit in a no miss total package. She carries a Ten Speed baby due the 10th of October and she nurses a Mohnen Long Distance heifer calf selling as Lot 20A.

- At Silverado Cattle Company, the brood matron and her family are of paramount importance. We believe in the power of the maternal side of the pedigree, that Angus genetics produce the most efficient factories in the meat industry and that the Angus seedstock business is based on the maternal capabilities of the Angus cow. We think Silverado Ms Blackbird 4471 represents these opinions to a "T".
- Her great grandam is possibly the best cow we have ever owned, her granddam is the sister to a past Virginia Angus Breeder's Show Champion bull and the dam of another. Her dam will never leave Silverado and it is quite difficult to consider sharing this one. Take one good look and you will see why. You may also notice multiple generations of maternal giants in the breed.
- 4471 nurses a fancy heifer calf by another cowmaker, Basin Excitement and sells safe in calf to SAV Ten Speed, who Genex describes as the perfect choice for maternal strength, phenotype and carcass merit in one exciting package. Due October 22, 2017.

•This is the kind of model cow that we want to produce. Her maternal pedigree combines Impression. 004 and 1407. Dwight Houff, a most respected cattleman and recent addition to the Virginia Livestock Hall of Fame, purchased a full sister to this three year old at last year's GIFT Sale. We are proud of that.

•The grand dam produced the top selling bull at the Culpeper BCIA Sale in 2011. More importantly, she is still producing in our herd at the age of 13. She now nurses her eleventh calf and moves about soundly.

- This very balanced 2 yr old is consigned by Katherine Gander who has purchased all of her purebred females through the "On Stage" Sale, a Northern Virginia Angus function.
- G6 is sired by the Ginger Hill Treasure 804, a bull that is proven through the highly regarded cow families at Ginger Hill Angus - Dawn, Lucy and Helen.
- This halter broke female is as gentle as you would want one to be. She carries a beautiful udder, super sound structure, with plenty of rib capacity as she nurses a TOP Shelf heifer calf.
- Heifer calf, Lot 39A, was born on 1-10-17 and sired by the ABS double digit CED, low birth wt, high milk and marbling bull BPF Special Focus 504 (Reg. # 15140670). Calf could pay the bill!

- This two year old Ten X daughter will sell with a heifer calf at side, Lot 41A, born February 18, 2017, by WR Journey.
- DNA test reveals excellent growth potential for offspring and verifies parentage.
- The combination of Ten X and WR Journey should produce a calf with great economic potential.

- This Beef Expo GIFT Sale is full of some of the most highly predictable Angus genetics available to the public. Here is another example from Bob Bahr's Brilee Angus Ranch.
- A Discovery first calf heifer with New Design 5050 and 208 as the sire of Grandma, and Rito 6I6 and Rito 3X25 in the next generations. All proven sires in this young female!
- She is in the top 15% of the breed for Milk and \$B, top 20% for CW, top 1% for YW and top 3% for WW.
- Due 3/15/17 to WR Journey 1X74.

- Spring Grove has put in this attractive, beautifully uddered 3 year old from the Princess line from Express Ranches and Ray Farms.
- Her grandam, Princess 1012, was the Champion female at the NWSS in Denver, and this young cow combines that with the reliability of all the proven Pathfinder sires in this pedigree - bulls like Protege, Rito 112, Final Answer, and Complete.
- 4PC1 nurses a high quality heifer, Lot43A, born on 1/11/17, sired by SAV Resource 1441.

•This proven, productive Credence female is a daughter of Basin Lucy 8364 who sold 1/2 interest for \$55,000 in the 2009 Basin Female Sale and stems back to the famed Lucy 178E.

•0230 has produced several top calves, including her 2015 bull calf who was in the top end of the bulls at the Wytheville BCIA test.

•Sells due to calve February 27, 2017 to 44 Conveyance 0X52.

• Rita 5C24 is a moderately-framed, deep bodied bred female that will make a productive cow for any progressive breeder. Sired by the outstanding Accelerated Genetics roster member, VAR Index 3282, this female has the make-up to become a leading donor in your herd.

•5C24 is backed by some powerful females in her pedigree. Her maternal granddam, Rita 7T39, is sired by G A R Predestined and is one of the leading cows in the fall-calving herd at Virginia Tech.

•Notice the cornerstone foundation female, HHF Alli Rita 704 317, which was one of our leading donors for years. Don't miss this opportunity to move your herd to the next level with this exceptional female.

•She is AI-bred on November 20, 2016 to the Genex superstar, S Whitlock 179, and confirmed safe in calf. Certified and accredited herd.

- Selling 4 embryos sired by Quaker Hill Rampage 0A36 and out of 9J60, who is a direct daughter of the \$3.5 million producer Rita 6108. 9J60 was the featured Lot 1 in the recent Big Timber Cattle Company Sale and posts EPDs that rank in the top 1% for WW, YW, \$W and \$F.
- The donor dam of these embryos has also produced the \$80,000 EZ Angus donor EXAR Rita 4951 and has 10 progeny IMF ratios of 103.

- Rita 4058 was our flush offering in last year's VAA GIFT sale, selected by Poor House Angus. Sired by EXAR Denver, she is a granddaughter of great sire-producing G A R Objective 2345, and her maternal grandsire is none other than B/R Ambush 28. She and her All In daughter continue to impress. Bringing in the outstanding carcass, growth, and docility genetics of Journey should result in calves having a built in \$W EPD above 64, and an exceptional \$B of over 170!

• A massive Riverbend Mile High 3718 daughter, whose dam was a Rito 112 daughter out of Rita 2V7 of 2536 1407, V035's progeny have consistently performed well. The mating with the phenomenal Quaker Hill Rampage 0A36 should bring explosive growth and impressive muscling while preserving calving ease. Her excellent natural heifer calf by Rampage is being offered AI'd to Ten X at the upcoming Quaker Hill Sale on May 7, 2017.

• Spring Grove offers a unique opportunity to purchase embryos sired by Baldridge Colonel and out of EXAR Rita 4738.

• 4738, a Baldridge Waylon daughter, ranks in the top 1% of the breed for WW, CW and \$B and top 2% for YW and \$F.

• A maternal sister to these embryos sold for \$35,000 to Joe Dean in Texas, and another set of embryos sold to Stevens Cattle Company in Oklahoma. Two half sisters by Rampage are in the top 10 for \$B.

• Guarantee 50% conception if transferred by a certified embryologist.

Suggested* Sale Terms and Conditions
American Angus Association • Effective February 21, 2014

TERMS OF SALE

Announcements

1. If there is any inconsistency in the terms of any sales materials, including sale books, supplement sheets or day-of-sale announcements, (i) the day-of-sale announcement will control over both the supplement sheet and the sale book, and (ii) the supplement sheet will control over the sale book.

Cash Sale

1. All sales are for cash unless satisfactory credit arrangements, including any possible reservation of security interest by the seller, have been made with the seller prior to sale.

Buyer's Risk at the Time of Sale

1. The risk of loss and injury of each animal passes to the buyer as soon as it is sold; however, it is the obligation of the seller to ensure that sold animals are fed and cared for free of charge to the buyer until loaded for shipment or until the expiration of 24 hours after the sale, whichever occurs sooner.

Identification Responsibilities

1. Prior to the sale, the seller must ensure that each animal has a readable permanent identification mark (e.g., tattoo, hot-iron brand or freeze brand) corresponding to its registration.

2. The buyer must check all permanent identification marks for accuracy upon possession and report any discrepancies or irregularities to the seller immediately.

3. In those cases where a nickname is used by the seller, the nickname must also be accompanied by the official registered name and number of the animal.

Certificates of Registration

1. A transferred certificate of registration must be furnished by the seller free of charge to the buyer for each animal within 45 days following the later of either the date of sale or upon the receipt of full payment.

Artificial Insemination (AI) Service Certificates

1. AI Service certificates will be the responsibility of the buyer unless otherwise specified by the seller.

GUARANTEES

Health

1. Unless otherwise announced, the seller guarantees that all animals are eligible for interstate shipment as required by applicable federal and state regulations.

Conformance with Registration

1. The seller guarantees that all sold animals are registered in accordance with the rules of the American Angus Association.

2. The seller guarantees to the buyer that all sold animals conform to the registration certificate as entered in the Herd Book of the American Angus Association.

3. The seller guarantees to the buyer that with respect to all females exposed to multiple service sires, each such service sire will have parentage markers on file with the American Angus Association. (As adopted February 21, 2014)

Pedigree, Performance and Genetic Information

1. The seller guarantees to the buyer that the pedigree, performance data and genetic information, as represented in any sales materials (including any sale book, supplement sheet or day-of-sale announcement), are accurate. The seller shall provide "as of" date for all information from the American Angus Association database.

2. The absence of any such designation on the pedigree of an animal, as set forth in any sales materials, does not establish that the animal in question is not a carrier of any such genetic factor.

3. In those cases where a commonly understood nickname is used by the seller, the seller guarantees the pedigree of the animal based on the commonly understood nickname.

Sex

1. Unless otherwise represented by the seller, there are no guarantees that offspring will be of a particular sex.

Breeding Guarantees

1. The seller guarantees that all animals are breeders, with the exception of: (a) calves under 12 months of age at the time of the sale; (b) animals shown after the sale has occurred (in such cases, the breeding guarantees, if any, will be those guarantees as are agreed upon between the seller and the buyer); (c) animals who suffer injury or disease following the sale; and (d) animals subjected to gross negligence by or willful misconduct on the part of the buyer.

2. The seller guarantees that all bulls are breeders for a period of 90 days following the initial turn out with buyer's herd, but only if such bulls are at least 12 months old at the time of sale and have not been allowed to run with the herd until at least 14 months of age. A bull that settles a cow by natural service and passes a fertility test performed by a competent veterinarian or reproductive technician mutually agreed upon by the buyer and the seller will be considered a breeder. Unless otherwise agreed by the buyer and the seller, the seller makes no guarantees with respect to the ability to freeze semen.

3. Cows with calves at their side are presumed to be breeders with no further fertility guarantee.

4. "Safe-in-calf" females are guaranteed by the seller to have been examined by a competent veterinarian or reproductive technician and determined to be safe-in-calf by examination or other proven method (e.g., ultrasound, pregnancy blood tests, and rectal palpation).

5. "Served" females are not guaranteed to be in calf.

6. "Pasture-bred" females have been exposed but are not guaranteed to be in calf.

7. "Open" females are guaranteed by the seller to be without calf.

8. Donor females:

a. Unless otherwise agreed by the buyer and the seller, a female that has been used in an embryo transfer program is not guaranteed to be a breeder after the date of the sale.

b. Unless otherwise agreed by the buyer and the seller, a female is not guaranteed to be a breeder after the date of the sale, when that female is to be used, or attempted to be used, in an embryo transfer program.

9. The seller makes the following guarantees with respect to all "pregnant recipients": (i) that the female is pregnant, (ii) that the resulting calf is of the pedigree represented, and (iii) that the resulting calf is of the sex represented (if so represented).

Semen

1. Unless otherwise agreed by the buyer and the seller, with respect to the sale of semen the seller makes no guarantees with respect to the performance or characteristics of such semen and the buyer is purchasing such semen "as is."

Embryos

1. Embryos being offered for sale will be sold "as is" unless the seller provides additional guarantees.

Privileges of Return or Adjustment: Options

1. With the exception of any applicable transportation expenses described herein, a seller shall never be liable to a buyer for an amount greater than the original selling price of any animal sold under these Sales Terms and Conditions.

2. Unless otherwise stated, all claims for adjustment or refund must be made in writing to the seller within 180 days following the sale of the animal in question.

3. If an animal is claimed to be a non-breeder, the animal may be returned to the seller if it is in good condition and complies with the health requirements of the seller's state. At the option

of the buyer, the seller may issue a credit to the buyer for use in a future purchase or provide an animal of equal value subject to the approval of buyer. If the buyer exercises either such option, the claim shall be deemed fully and satisfactorily resolved. However, in the event that the buyer requests a refund of the purchase price, the seller may, at its option, either issue a refund of the full purchase price or, shall have 180 days from the date the animal is returned to the seller's farm to conduct a trial to demonstrate the returned animal is a breeder. Refund of the full purchase price or demonstrated proof that the animal is a breeder during the test trial shall be deemed full satisfaction and settlement of the claim.

Any expense incurred for transporting an animal claimed to be a non-breeder will be the responsibility of the buyer, except that the seller will be responsible for transportation costs in excess of the distance between the buyer's farm and the location where the sale took place. If the seller proves the animal to be a breeder, it will be the obligation of the buyer to take delivery of the animal and pay all transportation expenses.

4. If a female sold as "safe in calf" proves not to be in calf, the seller must make a satisfactory adjustment on the purchase price to the buyer or, at the buyer's option, refund the purchase price upon return of the animal to the farm of the seller. Any claim for adjustment or refund under this paragraph must be made in writing to the seller on or before the first anniversary of the date of the sale.

5. If a female represented as "safe in calf" to a certain bull at the time of sale proves to have been bred to a different bull, the seller must make a satisfactory adjustment on the purchase price to the buyer or, at the buyer's option, refund the purchase price upon return of the animal to the farm of the seller. Any claim for adjustment or refund under this paragraph must be made in writing to the seller on or before the first anniversary of the date of the sale.

6. If a female sold as "open" proves to be with calf, the buyer may return the animal to the farm of the seller prior to calving for a refund of the full purchase price or for another animal of equal value, whichever is acceptable to the buyer. The Seller is responsible for all transportation expenses.

7. White skin or hair must not be painted or altered. If such painting or alteration has occurred, the buyer may return the animal to the farm of the seller for a refund of the full purchase price or for another animal of equal value, whichever is acceptable to the buyer.

8. If an animal is sold and subsequently becomes ineligible for registration under the rules of the American Angus Association for reasons other than incorrect parentage, the seller must make a satisfactory adjustment on the purchase price to the buyer, or at the option of the buyer, refund the purchase price upon the return of the animal to the farm of the seller.

9. If an animal (including the offspring of a pregnant recipient) is sold and through parentage verification is proven to have incorrect parentage, as represented by the animal's certificate of registration, and for which correct parentage can be determined, the seller is obligated to make a satisfactory adjustment on the purchase price to the buyer or, at the buyer's option, refund the purchase price upon the return of the animal to the farm.

10. Any claim for adjustment or refund under this paragraph must be made in writing to the seller on or before the second anniversary of the date of the sale.

10. If the resulting calf of a pregnancy is not of the sex represented at the time of the sale, the seller is obligated to make a satisfactory adjustment on the purchase price to the buyer or, at the buyer's option, refund the purchase price upon the return of the animal to the farm of the seller. Any claim for adjustment or refund under this paragraph must be made in writing to the seller on or before the first anniversary date of the sale.

11. Unless stated otherwise, all transportation expenses incurred will be the responsibility of the buyer, except that the seller will be responsible for transportation costs in excess of the distance between the buyer's farm and the location where the sale took place.

Disclosure or Retention of Genetic Materials

1. If seller retains any genetic materials of an animal being sold that can be used for cloning, the seller must disclose such fact to any potential buyers prior to the sale.

GENETIC CONDITIONS: REQUIRED DISCLOSURES RELATING TO CERTAIN TEST RESULTS OR POTENTIAL CARRIER STATUS OF AN ANIMAL.

1. In advance of any sales of an animal, the seller shall have the affirmative duty to notify any potential buyer of (1) any test results in which an animal for sale has tested positive (under a test and at a laboratory approved by the American Angus Association) as a carrier of any genetic conditions recognized by the American Angus Association, and (2) whether the animal has a potential carrier designation on its pedigree for any genetic condition that is recognized by the American Angus Association.

Optional Guarantee: Genetic Conditions

1. The buyer and seller may determine the scope and duration of a guarantee, if any, on an individual basis. The seller may, but is not required, to provide a guarantee to the buyer relating to genetic conditions.

2. Nothing contained herein should be construed to relieve the parties from complying fully with all the rules and policies of the Association relating to genetic conditions generally or individually.

MISCELLANEOUS

1. The above terms and conditions of sale constitute a contract between the buyer and the seller of each animal and are equally binding upon both parties. Each sale or resale of an animal constitutes a separate transaction.

2. Neither the American Angus Association nor any director, officer, employee or representative of the Association or any of its related entities assumes any liability, legal or otherwise, in connection with any sale or transaction conducted under the terms of the Suggested Sales Terms and Conditions. Nor shall the American Angus Association, its directors, officers, employees or representatives assume any liability or be responsible in any way for enforcing the terms and conditions of any agreement between buyer and seller.

3. Neither the sponsor or sponsors, the sale manager, nor any other person connected with the management of the sale, assumes any liability, legal or otherwise.

4. These sale terms and conditions and all rights, obligations and duties arising hereunder and all disputes arising hereunder will be construed in accordance with, and governed by, the laws of the state in which the sale of the animal or animals occurs, without giving effect to such state's choice of law rules.

UNLESS OTHERWISE EXPRESSLY STATED IN THESE SALE TERMS AND CONDITIONS OR ANY OTHER WRITTEN AGREEMENT BETWEEN THE PARTIES RELATING TO THE SALE OF ANGUS CATTLE UNDER THESE SALE TERMS AND CONDITIONS, SELLER MAKES NO OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, EVEN IF SUCH PURPOSE IS KNOWN TO THE PARTIES. THE REMEDIES PROVIDED IN THESE SALE TERMS AND CONDITIONS ARE THE EXCLUSIVE REMEDIES OF THE BUYER, OR ANY PARTY CLAIMING THROUGH THE BUYER, AND UNDER NO CIRCUMSTANCES WILL THE SELLER BE LIABLE FOR ANY INCIDENTAL, INDIRECT, SPECIAL, CONSEQUENTIAL, PUNITIVE OR EXEMPLARY DAMAGES UNDER ANY INDEMNITY PROVISION OR OTHERWISE.
